**Aims and scope:** Just like ANSOLE DAYS 2018, this 5 days event will combine scientific lectures and practical training on photovoltaics and water (waste-water treatment). All topics related to sustainable energetics and water (scientific, technological, economic and societal aspects) are welcome. Practical training on photovoltaics will be carried out at IPRC-Tumba while on waste-water treatment at IPRC-Kigali. Possibility to use the training facilities at the UR-CST is given.

### **Company Presentation, Exhibition and Promotion**

The scope of the conference targets practical solutions to real world problems in the fields of sustainable energetics and clean water. Therefore, we welcome table top presentations, information flyers included in the handouts or presentations in the abstract booklet presenting such solutions from companies and research organizations from Europe, Africa, Latin America and elsewhere. The fees for company presentation range from 300€ to 600€ depending on the level of presentation. This is valid for companies and research organizations which are not sponsors. Please contact the ANSOLE Coordinator for any arrangement ([daniel.egbe@ansole.org](mailto:daniel.egbe@ansole.org))

## Venue and Travel Information

Known as the land of a thousand hills, Rwanda's stunning scenery and warm, friendly people offer unique experiences as one of sub-Saharan countries and remarkable country in the world. It has a size of 26,338 square kilometres with a population of over 11millions.Its capital city is Kigali. Constantly

UNIVERSITY of RWANDA

working to ensure Rwandans can live in sustainable harmony with the environment, with a clean and green mindset, Rwanda banned plastic bags in 2008, Rwanda is possibly the cleanest in Africa thanks to efforts throughout every community.

Rwanda is blessed with extraordinary biodiversity, with incredible wildlife living throughout its volcanoes, montane rainforest and sweeping plains. Warm and friendly, Rwandans are also respectful and thoughtful. The local language is Kinyarwanda and English is mostly used although French is also used.

Rwanda has an excellent mobile phone network covering almost the entire country, and international calls can be made easily. Its time zone is Central African Time (CAT) – GMT +2 hours.

Temperature range between 24-27 degree Celsius which makes it a great destination to visit all year around.

As Rwanda is the most known for The Volcanoes National Park fall on one side of the Virunga Massif, home to mountain gorillas, golden monkeys and much more an optional visit to the parks can be organized for participants who are interested at their own cost. Great museums are also available that depict the History of Rwanda such as King’s Palace, Ethnographic Museum, Kigali Genocide Memorial and Rwanda Art Museum.

Please indicate your interest during registration.
