

Cooperation Agreement between African Network for Solar Energy e.V. (ANSOLE) and Förderverein Uni Kinshasa e.V. (fUNIKIN)

In recognition of their shared interest in establishing and developing a cooperative relationship between the organisations, and within their respective powers,

hereby agree

1. Aims

The aim of this agreement is to develop joint programmes of study, exchange and cooperation in the areas of teaching, research and student training, in the terms stated henceforth.

2. Type of cooperation

Cooperation between the two organisations may include:

- Students mobility
- Exchange of information and publications.
- Joint seminars, colloquia and symposia.
- Other cooperation activities agreed by both parties.

3. Areas for cooperation

All areas of cooperation and activities need to take into consideration the statutes of both organisations.

The staff offered by each organisation for the aforementioned activities must be acceptable to both parties, according to principles of professional aptitude for the tasks involved.

4. Financial conditions

No financial commitment is undertaken by the institutions at the time of signing of this Agreement. The financial details will be separately and specifically defined for each programme or project.

5. Use of intellectual property

All the information resulting from the joint activities carried out under this agreement will be at the disposal of both parties, unless otherwise specified.

6. Coordination

The coordinators will maintain regular contact with each other with the purpose of supporting the development of cooperation.

And, in proof of conformity, both parties sign this Agreement.
